Moving Tips

Pictures, mirrors and lamps

Pictures, mirrors and lamps usually need to be packed. If moving locally, it might be easier and more cost effective, to move some of these yourself.

Tag your Items

Pack one room at a time, labeling each box with a description of its contents and its destination (e.g., kitchen, bathroom). Be as specific as you can; it will make unpacking that much easier.

Seal boxes

When packing your own boxes the tops and bottoms must be sealed. We will not move it if it is not sealed.

Pack Heavy – Pack Light

Pack heavy items in small boxes and lighter items in larger boxes.

Remove keys

Remove all keys from file cabinets, fire vaults, lock boxes, china cabinets, desks, gun cabinets, tool boxes, grandfather clocks, curio cabinets. We are not responsible for misplacement of keys.

Leave dresser drawers full

You can leave all your dresser drawers full (except antiques and particle board). Please remove all breakable and spill able items.

Protect Your Memories:

If it's irreplaceable, take it with you in the car. If you do decide to pack framed photos or art, place sheets or blankets between them for added protection.

Use trash bags

You can save money on packing material by putting all linens, pillows, towels, sheets, comforters, etc into large heavy-duty trash bags. DO BREAKABLES IN TRASHBAGS

Disassemble and Reassemble items

We can disassemble and reassemble your beds, mirrors from dressers, desks, china cabinets etc. Or you can do this to save time. If you disassemble any furniture, including beds, put hardware in a safe place for reassembly.

File cabinets and desks

All lateral file cabinets and desk drawers need to be emptied prior to moving. (Standard file cabinets can stay full).

Remove Lamp Bulbs

Remove bulbs before packing your lamps.

Keep items not going on the truck separate

If there are items you don't want us to move or pack, please keep these separate from the items we are packing and moving.

Bare Necessities

Toilet paper, telephone, toiletries, snacks, coffee (and pot), soap, flashlight, screwdriver, pliers, can opener, paper plates, cups, utensils, a couple of pans, and paper towels are some of the essentials you may need upon arrival at your new home. Pack a box with these types of items and ask your manager to load it last so that it will be unloaded first.

Get the Bed Ready

Designate one drawer of a dresser for sheets and towels so that you won't have to rummage through boxes for these essentials the first night in your new home.

Give out your Number

Before the crew leaves for your destination residence, make sure they have a phone number where you can be reached. It is also a good idea to provide him with an alternate contact in case you can't be reached.

We have moving boxes

We have moving boxes for you to purchase if needed.

Wardrobe Boxes

Wardrobe boxes are the most expensive box. We always have a few on the trucks for you to "use" as long as they are unloaded and returned before your movers leave that day. No need to purchase them unless you need to keep them to store.
